

We are Hiring Brilliant Minds

Agile Business Analyst

>2 Years of Experience

About Crystal System Group Ltd.

Crystal System Group Ltd. a leading European Consulting and IT-engineering company, headquartered in Limassol Cyprus, having its operational centre in Bucharest Romania and is operating offices in the Republic of Moldova and Albania. Crystal System is partner of leading technologies and solutions provider like IBM, Google Cloud, SAP, SAS, APPIAN, UiPath and many more. Crystal System is serving its clients around the globe with focal points in Europe, USA and Asia Pacific and offering solution development, application management service, testing service and Talent Solutions.

Job Description

The candidate will part of a bigger **Crystal** team located in **Bucharest with temporary assignments in Pitesti** to support one of our clients in the automotive sector to build up an industrial hub based on a Google Cloud Platform (GCP). The industrial hub represents a large program of multiple projects to optimize the entire value chain along the production process within all embedded group companies around the globe. The scope of the program is multifaceted and includes employee self-services as well as controlling production lines and robots with multiples purposes (production planning, monitoring, preventive maintenance, analytics for optimization etc.) and it will **never be boring**.

Mission

The Agile Business Analyst main function is to assist the Product Owner in the daily backlog management (writing of User Stories, validation of User Stories, sorting and prioritization of backlog). He or She cannot replace the Product Owner who is the only backlog responsible and decision maker.

He or She gives support and training to customers, analyze issues, translate customer functional problems to technical issues

Main Responsibilities:

- Provides Digital expertise
- Enlightens with digital experience the solutions imagined by Product Owner (best practices, consistency with market standards...)
- Gives advice on possible improvements in product backlog
- Supports Product Owner in Product Backlog prioritization
- Proposes prioritization adjustment based on the perceived value
- Participates in lifecycle of Product Backlog
- Ensures that the Product Backlog is visible, transparent, and clear to all
- Details each selected feature in the form of a User Story small enough to be implemented within one sprint, including acceptance criteria necessary for the team to understand and develop the user story
- Understands and prioritize Technical Stories suggested by the team as well as Defect Stories
- Clarify any User Story upon request from the Development Team during a Sprint
- Participates and contribute to Agile events with the Team
- Contributes to testing User Stories developed by the Agile team
- Accepts or refuses developed Stories (if the Product Owner has granted delegation)
- Evaluates the quality of previous releases and current release in production
- Checks the new release for regression issues

We are Hiring Brilliant Minds

Agile Business Analyst

>2 Years of Experience

- Support to customers: analyze issues reported by customers, help the Product Owner to translate functional problems to technical issues and give priorities
- Organize training for new customers

Required Skill Sets

- Very good level of English, French are highly appreciated and representing an advantage
- Rigor and attention to details
- At ease with sharing and transferring knowledge to others (whether it be within the agile team or with stakeholders)
- At least **2 years of experience** in Agile projects, especially digital projects (web or mobile applications)
- Practical knowledge of agile methodologies, especially with practices of writing and prioritizing backlog items (INVEST...)
- Technical Knowledge in webapp technologies will be appreciate
- PostgreSQL database skills: know to run queries to extract database information and analyze issues
- Microsoft Excel skills for data reporting will be appreciate

Personal Attributes

- Team player attitude with a sense of diplomacy
- Customer service oriented
- Knowledge of digital trends, standards, and issues

Further Details

- **Open positions 2**
- Preferred **starting date** shall be the **latest 15.01.2021**
- **Permanent labour contract** according to Romanian legislation
- Office location mainly **Bucharest with assignments to Pitesti** with limited travel activities
- Working in a modern and friendly environment
- Working in a young, motivated and growing team with **perspectives to grow**
