Why to work for Crystal BIM Solutions?

Crystal BIM Solutions Ltd. is a young, fast growing company and all career steps are open for further personal development in an international environment and creating added values by combining CAD, BIM and the latest achievements in IT and Digital Twins.

Crystal's Talent Solution and Development program is well recognized and awarded. It reflects Crystal's Philosophy: We believe that expanding qualified education is the only feasible way to generate long-term economic growth. Crystal System concentrates on the importance of knowledge capital; a strong and coherent emphasis on education is central to our success. "Investment in knowledge pays the best interest" – Benjamin Franklin.

We believe in the digital future of the construction and engineering sector and create programs with universities in Italy, Romania, Moldova and Albania related to "Building – The digital Future" to push forward Construction and Real Estate Management 4.0.

Crystal System is flexible and offers office spaces in all of its locations but also embraces mixed office location by combining home-office options and office. Talk to us!
